

Hey Listeners,

Thanks for tuning in to KFTL HD radio. Bar Harbor was originally thought to be too small to handle its own HD radio station— but, boy, did we destroy that old myth. A good radio station is the heart of a good community and KFTL HD radio is a station with a big heart indeed.

KFTL HD radio can be heard in the tri-state area and as far as a mile out to sea making it one of only a few radio stations with a major ocean demographic. At KFTL, we welcome your input. As we are owned by the “Rock Lobster” restaurant chain, you can drop into any “Rock Lobster” and make requests or have important community bulletins read on the air.

Now if you will excuse me, my deep fryer has warmed up and it looks like the lunch rush will be here very soon.

Sincerely yours,

Leslie Neels
Station Manager
